

Enjoy an evening of hands on Science, Technology, Engineering, Art and Math.

Students and families of all ages are welcome to join us for a fun evening.

- See and handle aquarium animals
- Steer a Remote Operating Vehicle (ROV) through water
- Make slime, and a cloud in a bottle
- Build and launch rockets
- Design a parachute for an egg's safe landing
- Race action figures down a zip line
- Build catapults & knock down targets with trebuchets
- See fossils and microscopic organisms
- Engineer castles and bridges
- Manipulate computer characters at Code.org
- Experience 3-D printing
- Use an infrared camera

...and much more

When: Friday, May 29, 2015, 6 to 8 PM.
